 RE: Subcommittees on which you would like to serve

In order to facilitate formation of the subcommittees called for in the proposed groundrules, the PPCAB agreed that Keystone would solicit your interest and propose subcommittee membership for your consideration at the July 25 meeting. If selected, assume you would need to be available to serve for the next year or two. We recognize that final adoption of the groundrules could make some changes in these subcommittees.

Please complete this form and return it to The Keystone Center by July _____.

Please give *all* subcommittees a score

- Give 3 points to the subcommittee on which you would most like to serve, and 2 or 1 points if you are willing but the subcommittee is of less interest.
- Give a 0 to any subcommittee on which you would hate serving.
- If you feel equally about any subcommittees, give them the same number
